Dear Dr. Venkatesan:

I am pleased to inform you that our application for the support of your visit from the Ministry of Education (MOE), Taiwan, to carry out collaborative research at National Chiao Tung University (NCTU) has been approved for a period of 2 months starting from May 1st, 2019 or soon after.

Specifically our collaboration entails the calculation of the potential energy surfaces for solar water splitting related processes employing the versatile computer programs such as Gaussian and VASP codes. Specifically, we may explore the synergistic effect of graphene oxide (GO) or its functionalized nano-sheet attached to a TiO_2 nanoparticle, hoping to enhance the yield of H_2 .

During your visit, you will be paid according to the rule stipulated by MOST (about NTD\$62,830 per month). If you have any question, please contact our Center's secretary Ms. Kim Yu (email address: kimyu@mail.nctu.edu.tw).

Sincerely,
