### RESEARCH

A sound scientific temperament and quest for continuous innovation drives both faculty and students to keep pursuing research activities at the institute. This infuses an investigative spirit even among under-graduate students and motivates them to take up various challenging projects. To conduct and to promote research activities, VFSTR has a Directorate of Research and Development headed by a Director who is assisted by two Assistant Directors. While one Assistant Director looks after the Ph.D. programmes and the projects funded by the external funding agencies like DST, UGC, CSIR, AICTE, ISRO etc.

#### Research Policy Consultancy Policy

#### Academic Research

- Ph.D. Admission
- Ph.D. Rules and Regulations - 2018
- Tuition Fee pay online
- Research Scholar Information system
- Ph.D. Awarded Candidates
- Pro Formas for Ph.D. Programme
