Providing of 1000 LPH R.O+UV Mineral Water Plant

Date: 28.07.2017

Venue: Veeranayakunipalem

Part of UEAC (University Extension Activity Council) VFSTR has been organizing many activities in and around our university. A survey on health issues was conducted one year back in adapted village Veeranyakunipalem. After the analysis of data, it is found that more people are facing health issues due to usage of underground water. The UEAC volunteers have interacted with the villagers in the adopted village. The students are convinced the university management for sponsoring the amount for establishment of RO plant. VFSTR has donated a 1000 LPH R.O+UV mineral water plant to Veeranayakunipalem. The inauguration of the programme was conducted at 8:00 am on 28th July 2017. A team of 180 volunteers of First year have attended the event, so they will be motivated in the early days of college. Mr. Lavu Krishnadevarayulu, Vignan Group has inaugurated the water plant. On this occasion, Vice Chairman, Mr. Lavu Krishnadevarayulu, Vice-Chairman and Dr. K.V. Krishna Kishore, UEAC program Officer have asked the villagers to use this mineral water instead of ground water to avoid the seasonal diseases. UEAC Faculty coordinator Mr. P. Vijaya Babu (S&H Dept.) was also present in this occasion.

The School management arranged all the equipment needed to plant. We have taken 200 saplings to plant. Volunteers gone through various streets and planted saplings by digging pits and watered them. Finally we distributed some of the plants to the villagers who are interested to grow plants in their surroundings. In future to know the status of the plant we attached the geographical information (latitude, longitude and distance) of the plant using the Kobo-Collect application.
