

# Global Impact Rankings 2021

The Sustainable Development Goals (SDG), are built with decades of work by countries and the UN, including the UN Department of Economic and Social Affairs. The SDGs, also known as Global Goals, are a set of 17 integrated and interrelated goals to end poverty, protect the planet, and ensure that humanity enjoys peace and prosperity by 2030. GIR 21 is an attempt to understand how education institutions are contributing to these SDGs. G.I.R has been curated to encourage as many higher educational institutions as possible to participate, for the data required is very limited. G.I.R is open to any HEI that is duly recognized. The GIR 2021 for Indian Institutions is honored as Private University of Eminence and Institutions of Excellence. See the rankings [here](#).
