Special Classes for slow learners

Remedial classes for slow learners

Abstract

Slow learners are identified by the students performance in Mid/Term examinations and previous semester end examinations. Generally 60% of the marks in Mid examinations is considered as the threshold. Similarly students having backlogs in their previous semester end examinations can be also considered as slow learners. Special classes will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students. Remedial classes schedules will be announced by departments and attendance of these students for the class work will be monitored.
